## NONCOMPLIANCE SUMMARY

The defendant has not complied with the following conditions of supervision:

**Nature of Noncompliance:**

1. Louis Ong has violated the special condition he shall not access the internet, or private or public computer networks, or not have others do so on his/her behalf, with the prior approval of Pretrial Services, by have another individual access the internet on his behalf on or about October 12, 2017.

**Supporting Evidence:** The defendant is currently being supervised in the Central District of California, where he has resided with his sister since his release. On October 18, 2017, I was contacted by Senior United States Pretrial Services Officer Elizabeth Brassell who was providing coverage for his supervision officer, United States Pretrial Services Officer Brenda Mercado. On October 12, 2017, Officer Brassell advised during a home visit the defendant had an internet printout. When Officer Brassell spoke to the defendant about the internet printout later in the day, the defendant advised he believed he had blanket permission for his sister to look things up for him. Officer Brassell reported his sister was given permission to locate a church, but not to be surfing the internet locating social clubs for him. The printout was allegedly directions to a park and/or schedule for ultimate frisbee. Officer Brassell clarified with the defendant all requests must be preapprove and he stated he understood.

I spoke with defense counsel numerous times regarding the above internet access and he believed it was a miscommunication regarding what his sister was given permission to access. I agreed to wait until his supervision officer returned to the office from leave to discuss what, if any, permission the defendant and his sister were given to access the internet. To his knowledge, the defendant's sister believed she was given permission by Officer Mercado to print off directions.

On November 6, 2017, I discussed the internet printout with Ming Ong, the defendant's sister and third party custodian. Ming Ong advised at the initial meeting with Officer Mercado, she was given permission to access the internet for food and to print directions for errands for the defendant to run as he was unfamiliar with the area. She stated when the defendant was placed on curfew, he asked where he could play ultimate frisbee and

she looked up a schedule and park nearby he could play frisbee. She was unaware she may not have been permitted to do this stated she has stopped printing directions for him and is writing them down to avoid any confusion until Officer Mercado returns from leave to clarify what she can/cannot access.

On November 9, 2017, I spoke with Officer Mercado regarding the above. Officer Mercado advised there was no miscommunication and she had a detailed conversation with the defendant and his sister about the internet restriction. She advised internet access was approved on two occasions in the past for his sister to use her phone to order food and to access the financial documents requested by our office. Officer Mercado noted she printed material on behalf of the defendant on one occasion so his sister would not need to access the internet. Furthermore, Officer Mercado indicated the defendant has been pushing the boundaries regarding his internet restrict and not forthright with Officer Brassell about their previous discussions regarding his internet restrictions. She described d as pushing boundaries and blaming incidents on his sister and miscommunication. Lastly, Officer Mercado reported she would speak to the defendant and his sister on this date to again advise the defendant of his internet restriction and restriction from others accessing the internet on his behalf.

The parties have agreed to allow the defendant to access the internet for legal purposes only, only at his attorney's office, and advise his officer when he has a legal appointment.
